Subject: Enjoy the "Joy of giving"- reg.

Madam /Sir,

We are aware that the society we live in has some people privileged to have all luxuries of life while for some it is very difficult to get the bare minimum.

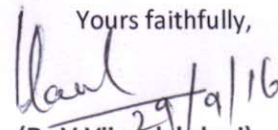

There is no magic wand to change everything overnight, but if we come forward with achievable idea and join hands together can make a difference. One such idea everyone can afford is "Joy of giving" and experience the peace of mind and happiness in life. It can be done as individual, in group and also by institutions. Some suggestive ways how an institution can participate in giving are:

- One can volunteer to donate either a few pairs of cloth or books or any material that can be used. Institution can collect the same and donate them to local authority.
- Students can be taken to nearby Government Hospitals/ Old age Home/ Orphanages and spend some time with them.
- Students can be taken to the local community in their vicinity and play with kids and elderly people, can do activities together such as story telling, cultural program and can share meal with them.
- Besides, one can come up with their own ideas to enjoy the joy of giving and sharing.

This letter is issued to request all concerned to help students in understanding values of share and care and contribute towards the development of healthy society on voluntary basis where everyone can live happily. Let the children feel "Yes, we can make a difference"

Jai Hind.

Yours faithfully,

29/9/16
(Dr.V.Vijayalakshmi)

Joint Commissioner(Acad)
